# FLEET LIAISON/TPS(WP 006 00)

- The Fleet Liaison Division interfaces with fleet user activities to resolve issues associated with the use of all technical data products produced by NATEC.
- Fleet Liaison Division Technical Publications Specialists (TPS) are pre-positioned at Naval Air Stations throughout the country. Their primary function is to respond to the user community on technical manual/library questions and problems.

# TPS(WP 006 00)

- ❑ Provide feedback to NATEC HQ on TM problems encountered at fleet activities.
- ❑ Provide info on improvements to the NAVAIR Technical Documentation Program.
- ❑ Assist in resolving problems encountered in any phase of technical Documentation.
- ❑ Provide guidance/assist in establishment/maintenance of central and /or dispersed technical library ashore or afloat.
- ❑ Provide assistance in use, operation, and maintenance of equipment and/or software.
- ❑ Assist activities in distribution, initial outfitting, and automatic distribution problems.

# INITIATIVES

- **Web-based NAVAIR TPL Program**
- **JATDI/JKCS Project**
- **CD Online Ordering**
- **TPDR revision**
- **ADRL Online Update vs TPL Program Update**
- **Status of revised NAVAIR 00-25-100**
- **“What’s New” link**

## Welcome, Lawrence, to the NATEC Table of Contents

In order to view the technical manuals, IRACs, IRAC Trackers, TD information, and CAT I TPDR's, you need the [Adobe Acrobat Reader](#) version 4.0 (minimum) plug-in.

### What's New
